

Instant group

Wholesale – Retail – Technology

The world in an Instant

The Instant Group was founded on the belief that the travel business was ready for a new and improved strategic model.

OUR AIM
to deliver the best booking
experience possible

Through the years the company has carefully nurtured and grown by adopting

5 fundamental principles

- Competitive pricing
- Leading inventory
- High customer satisfaction
- Efficient and innovative application of technology
- Focus on profits

Today the Instant Group provides leading online reservation technology offering thousands of hotels and apartments worldwide. In addition, the group offers many great features especially designed for making our clients life easier and with excellent service in an instant!

The company provides a leading travel inventory, which includes accommodation, transfers, car hire, events, sports tickets, concerts, attractions and many more.
